Tips on Trash Collection:

Residential Customers

Please,

- Have trash curbside by 5:30 the day of pickup with wheels against the curb, at least two feet away from cars, trailers, other trash cans, and basketball hoops
- **Green Waste Pickup**—These cans are for grass clippings and leaves only. We can no longer take branches. Please do not put trash in these cans. They are for **Green Waste only**. Pickups are Tuesdays.

Commercial Customers

Please,

- Make sure your dumpster area is clear of debris
- Trash in dumpsters should not exceed a foot above the lip and lids should be closed. All trash should be contained within the dumpster.
- Snow must be removed from dumpster area by 5:30 a.m.

GARDNERVILLE NEWSLETTER

FALL 2002

Trash Rate Increase

As you have no doubt heard, Douglas Disposal has raised rates at the landfill, which means we are having to do the same. Residential rates will increase from \$40 a quarter to \$43 a quarter. Along with the rate increase, we are supplying a second can, if desired, at no extra charge. A public hearing is scheduled for February 7, 2002.

Tree Trimming

It will be spring before you know it. Please trim any trees that are overhanging the street to a height of 12 feet. Also, trim bushes that might be obstructing signs or sidewalks.

Fall Cleanup

Limb pickup will be the week of April 8-12. Please bundle all limbs and tie securely. Spring residential cleanup will be the week of April 15-19. You can put out up to five bundles or bags

Storm Drains

The grates you see on the streets are storm drains. They drain directly to the river. In order to keep the water clean, Please

- Sweep walks instead of washing
- Don't rinse paint brushes in the curb
- Call the town to report illegal dumping

Cleaning Containers

If at all possible, our friendly drivers are asking customers to wash out either their residential 90 gallon cans, green waste cans, or their commercial dumpsters. Clean surfaces prevent trash from sticking, which makes dumping easier.

Weight a Minute...

The 90 gallon residential cans will only hold up to 200 pounds of trash. Please don't exceed the limit—our drivers may injure themselves. Weight limits are shown on top of the container.

Fireplace Ashes

During the cold weather season, please don't place hot ashes in your trash container. Make sure ashes are completely out. Ashes can smolder and melt your trash container. Replacement trash containers cost \$75.00 dollars each

Holidays

Please note:

Trash is picked up on every holiday except Christmas.

RESIDENTIAL HAZARDOUS WASTE COLLECTION (DON'T PLACE THESE ITEMS IN REGULAR TRASH)

Douglas Disposal provides free household hazardous waste collection. Do you have:

- Old Paints & Paint Cleaner
- Herbicides, Pesticides, & Fertilizers

- Aerosol Cans (No propane)
- Contaminated Oil & Gas
- Household Chemicals & Cleaners

If you have any of the above items that you no longer want,

please call Douglas Disposal to schedule an appointment. Their number is 782-5713. Appointment times are on Thursdays from 2:00 to 4:00 p.m.

In cooperation with the Douglas County Department of Parks & Recreation, Heritage Park will play host to two concerts this summer in Downtown Gardnerville.
